### Fundraising

Carillion is a major employer in many local communities across the country. Our community engagement strategy sees our teams fundraising for various local good causes including those of our Trust partners.

### Team Working, Evening Shift

On a balmy September evening in 2014 Carillion joined forces with their NHS colleagues at Darent Valley Hospital (DVH) raising a challenge to their local Sainsbury's store for a friendly game of football. The aim was to raise money for 'Little Buds' the special baby care unit at Dartford.

Services beat Retail 17 – 0. A little one-sided perhaps but the outcome was positive for all as their combined efforts raised **£600** on the evening.

Representing the Carillion-NHS team were

- NHS Physiotherapy Department
- NHS accident and emergency clinical staff
- Carillion logistics and maintenance staff.

Health & Safety guidelines were observed as no injuries were recorded on the evening.

Making tomorrow a better place through our 2020 sustainability strategy
